

Hope and Compassion are on the Way!

Waconia churches across all denominations have partnered with **Love INC** (Love In The Name of Christ) to help mobilize our local churches to transform lives in our community. Love INC will coordinate church resources to serve our neighbors' needs that are not being met elsewhere with love and compassion.

Over the last five months the churches and community leaders have been meeting with Love, INC to help our community come together, identify the major unmet needs and put faith into action to strengthen our community. The six major needs are listed below with more to follow:
