

## IGNITE CONFIRMATION

### Isaiah & Jesus Small Group Questions

When have we made choices that were not what God would have wanted for us? What was the result?

The words of the prophet Isaiah gave hope to Israel when they were written (around 700 BC) and helped confirm that Jesus was the fulfillment of many of God's promises (around 0 AD).

What do Isaiah's writings mean to us now, about 2,700 years later?

One of Isaiah's main messages to his people was to return to God and trust in him.

How should we decide when to just trust in God?

When should we try to figure things out ourselves?

Are we trusting God, trusting ourselves, or a combination?

Write down an example of where you are making a decision based on your trust in God or yourself. *Talk about it with your parents and have them sign this paper and return it to your folder!*
